SUMMARY

Computer Science graduate with experience in web development, scripting, and IT support. Focused on building clean, efficient solutions with Angular, Python, and C#

WORK EXPERIENCE

IT Assistant, NATO Rapid Deployable Corps Greece Jan 2024 - Nov 2024

- Reduced infrastructure support response time by 45%
- Diagnosed and repaired hardware issues resolving over 80% of the issues
- Utilizing and maintaining Windows Deployment Servers (WDS)
- Python scripting to automate repetitive tasks, enhancing efficiency of the IT department by 20%

Frontend web developer, SOFTWeb (Intern) May 2022 - Oct 2022

- Maintained existing code, fixed bugs, and added new features in the application using Angular, Scss, TypeScript, and C#
- Participated in online meetings with the client and their IT team, guiding them through the usage, features, and best practices of the system to ensure effective adoption and understanding

EDUCATION

Bachelor of Science in Computer Science Sept 2018 - Jun 2023

International Hellenic University

- Hands-on experience with programming languages, Git, and relational databases
- Creating a Pharmacy Information System in C#
- Developed an Advanced Attendance System in Python

PROJECTS

Advanced Attendance System (Python, SQLite) [GitHub Link](#) Mar 2022 - Sep 2022

- Developed as part of thesis using RFID smartcards and facial recognition
- Enabled real-time attendance tracking and automated reporting
- Improved workplace security and streamlined access control

Pharmacy Information System (C#, SQL) [GitHub Link](#) Mar 2021 - Jun 2021

- Built a system for inventory management, order tracking and profit analysis
- Provided real-time stock updates and financial reports
- Improved operational efficiency and data-driven decision making

SKILLS

- Technical: Python, C#, HTML, Angular, TypeScript, Scss, Git, SQL, Problem Solving, Scripting
- Soft: Team Collaboration, Communication, Time Management, Writing technical documentation
- Languages: Greek, English
